

## WHO ARE WE?

**H**igh Wilderness is a premier outdoor adventure camp targeted toward adults over the age of 21. We cater toward this demographic in order to allow us the opportunity to provide a mature and relaxing experience for our participants. We aim to relieve the stresses of daily life through building connections with the outdoors and with our peers. We hope that after one of our excursions, our participants will leave with a new outlook on life and a lasting relationship with their group or with the world around them. We look forward to having participants from all backgrounds join us as we pride ourselves on inclusivity. In order to foster connections within our adventure groups, we focus on team building throughout our time together and we limit our group sizes to be between 5 and 12 people. We hope you will join us for the experience of a lifetime!
